

## **Love UT Give UT – March 30, 2017**

As a community nonprofit we need your financial support to continue to offer programs like our CHaRM (Collection of Hard-to-Recycle Materials) to Utah residents. **Our goal with Love UT Give UT is to raise \$5,000** in funding, which will cover our major expenses related to the CHaRM - transportation & hauling costs, property leasing and staffing costs – and allow us to expand the program to other parts of the state.

Other events and activities planned for 2017 include:

- Zero Waste Awards & film screening – an annual event held in November to honor businesses and organizations throughout the state taking successful strides towards zero waste
- Lunch and Learn – networking events that bring speakers to address community participants about pertinent resource management topics
- Fix-It Clinics – workshops to teach participants how to repair small appliances & household items
- Recycling education and mentoring to community groups, organizations and schools
- Reusable Bag Coalition – a program bringing together businesses voluntarily committed to reducing the use of (plastic and paper) bags

Want to donate your time? Please contact us at [recycle@utahrecyclingalliance.org](mailto:recycle@utahrecyclingalliance.org)

**THANK YOU** for your support!
